SECTION – A

SCOPE OF WORK

The system will provide:

- A user-friendly Android Mobile & iOS Application to be developed accessible to citizens for reporting crop-loss incidents caused by animal damage.
 - User registration for beneficiaries or farmers with valid Govt. photo ID to be created to ensure authenticity of users and incidents reported. (Scope of making it AADHAR-based, may be explored which may provide us data for ex-gratia payment made to a single person).
 - Images to be captured and uploaded along with geo location, documents related to extent of damage and associated losses as well as other essential details about the incident.
 - Beneficiaries/ Farmers will be able track the status of their reported incidents and claims.
- An Android & iOS Mobile Application to be developed for the Forest Authorities as per hierarchy to track, monitor and verify claims by the beneficiaries.
 - System to be developed for forest officials to track the status of reported incidents and compensation status on a real-time basis.
 - Damage claims to be verified and approved by authorized officials to compensate for damages
- A role-based control system to be developed as per hierarchy to regulate access enabling information access relevant to their responsibilities
- Robust data security measures to be implemented to protect sensitive information, ensuring compliance with privacy regulations
- A web-based application to be developed that will have a dashboard for monitoring the traceability of the process to help in furnishing a reply to questions by the government representatives.
 - Reports displaying information of damage to analyze crop loss incidents and track pending payments
 - Customized MIS report generation for quick decision- making by the Forest Officials.
 - Set up a notification system for alerts to forest officials to keep them informed about multiple claims by a user for the same damage.
 - Report showing incidents of damage geographically on a map.
- Flow of information to be facilitated for efficient monitoring and processing of claims for ex-gratia payments
- Language selection to be implemented within the application, allowing citizens to choose from Bengali, Hindi, and English ensuring accessibility for a diverse user base
- Integration of the application with a payment service provider (for payments) and telecom provider (OTP) to be done for secure payments and authorized logins to users.
- Migration of old claims / ex-gratia data is not considered in the scope of this proposal. Claim applications created after Go-Live from this application will only be considered for processing.

Basic Principles & Guidelines upon which WTL will work for the portal and accordingly the Bidder will have to abide by that are:

WEBEL TECHNOLOGY LIMITED

Sl. No.	Description
CM.1	Content Migration
CM.1.1	Migration of old claims / ex-gratia data is not in scope.
I.1	Service Integrations
I.1.1	Integration with AUA/KUA, telecom and payment service providers to leverage user authentication, mobile network functionalities, and secure in-app payments.
AF.1	Application Feature
AF.1.1	<p>Application to facilitate the management of damage claims and ex gratia payments for beneficiaries and forest management authorities</p> <p>Ex-gratia Payments Disbursal - Governments Governmental departments and agencies utilize AUA/KUA services for secure and seamless Aadhaar validation to verify identity and payment eligibility. The process of delivering financial compensation to affected beneficiaries is made efficient, secure, and reliable.</p> <p>Verification Services - Forest Department By using AUA/KUA services, government departments will be able to verify the identity of beneficiaries efficiently and deliver online services seamlessly. The need to physically visit for identity verification will be drastically reduced, making the process highly convenient and efficient for beneficiaries.</p>
SFGR.1	Standard features and general requirement
SFGR.1.1	Provision should be there in the system i.e., online claim filing, evidence upload, verification, progress tracking, and reporting tools. The system prioritizes security, scalability, and integration. It caters to both claimants and administrators with a user-friendly interface and role-based access levels. 3. FINAL EVALUATION

Financial bid of the qualified bidders shall be downloaded on the scheduled date & time in the presence of the Tender Committee. Final evaluation will be done among the short listed bidders in accordance with Quality & Cost and will involve both Techno Commercial & Financial Evaluation with the following weight-age.

A	Techno Commercial Evaluation	70%
B	Financial Evaluation	30%

Commercial Bid Score (BS) will be calculated for each responsive bid using the following formula which permits a comprehensive assessment of the bid price and techno commercial merits of each bid.

$$BS = \frac{TC}{TTC} \times 0.70 + \frac{LBP}{BP} \times 0.30$$

Where

- BS - Evaluated Bid Score
- BP - Amount of Bid Price of bidder
- LBP - Lowest Amount of Bid Price of bidder
- TC - Techno Commercial Score awarded to bidder
- TTC - Total Techno Commercial Score (100 marks in this case)

The bid with the highest Evaluated Bid Score (BS) among the responsive bids shall be most responsive bid.

4. AWARDING OF CONTRACT

An affirmative Post Qualification determination will be prerequisite for award of the contract to the lowest quoted bidder. A negative determination will result in rejection of bidder's bid, in which event the WTL will proceed to the next lowest evaluated bidder to make a similar determination of that bidder's capability to perform satisfactorily. The successful bidder (s) will have to give security deposit in the form of Performance Bank Guarantee.

5. POST QUALIFICATION

The determination will evaluate the Bidder's financial, technical, design, integration, customization, production, management and support capabilities and will be based on an examination of the documentary evidence of the Bidder's qualification, as well as other information WTL deems necessary and appropriate. This determination may include visits or interviews with the Bidder's client's reference in its bid, site inspection, and any other measures. At the time of post-qualification, Directorate of es may also carry out tests to determine that the performance or functionality of the Information System offered meets those stated in the detailed Technical Specification.

6. PRESENTATION

The presentation to given in front of the Tender Committee. The date, time and venue of the presentation for the qualified bidders will be intimated in due course.
